

Keebra Park Foundation

This group has been established for all former and current students/teachers/staff of Keebra Park State High School as well as the broader Keebra community (which includes parents/family and friends)

The Keebra Park Foundation was formed in 2007 by Craig Owen (the first Valedictorian of Keebra Park) as a means of giving back to the school community. It was established to enable anyone associated with Keebra Park (past and present) to stay in touch and to share our history as well promote any upcoming reunions/events that are connected with Keebra Park. We work closely with the school to promote current activities and also to encourage and nurture the bond of Keebra's past, present and future and to ensure the Spirit of Keebra remains!

We seek your support by asking you to join the Keebra Park Foundation, and to share any comments/photos etc that relate to the school (past and present) and help keep our Keebra Community connected!

Please join the Facebook group page: **Keebra Park Foundation**
and invite your friends to join.
